

Reason for the Season

Name: _____ Date: _____

Each of the following statements is either fact, or fiction. You need to tick the box either true or false and giving evidence to support your claim. Include at least one resource you have used by copying and pasting the url.

Seasons occur because the earth is closer or further away from the sun. Summer is when the earth is closer to the sun, while winter is when the earth is further from the sun.

True

False

The days are longer or shorter depending on the season.

True

False

Summer is at the same time no matter where you are on earth.

True

False

Some places on earth experience entire days in darkness during winter.

True

False

The closer a country is to the sun, the hotter their day is.

True

False

It is cold during winter because there are more clouds, and it is hot during summer because there are less clouds.

True

False
